

# *Knit a Better World*

*Do you knit or crochet? Would you like to put your skills to use to make a positive difference in someone's life?*

This summer the Marple Library is in need of volunteers to knit or crochet lap blankets or “lapghans.” We will collect these blankets over the coming months and donate them to our Homebound patrons in the fall. These are elderly or ill township residents who are unable to leave their homes. Our goal is to collect and donate 40 lap blankets.

Please let us know if you are able to help us reach our goal. If you’d like to meet other knitters please come to the Knitting Group on Fridays at 10:30am. Please contact Bridgette at 610-356-1510 with any questions.
